

The Rings of Oden: New Technology for Quantum Healing □□

What are the Rings of Oden? □ The Rings of Oden™ are part of a collection of dynamic, cutting edge vibrational tools based on a revolutionary new technology—“[Net-Neutral Ionic™ Energy](#)”, created by Aaron and Sue Singleton. The Rings combine Sacred Geometry, Crop Circles, Cell Microbiology, DNA Holographic Re-Patterning, and MORE to amplify and accelerate healing.

Developed by Energy of Life® Founders Sue and Aaron Singleton, the Rings combine Sacred Geometry, DNA Re-Patterning, Crop Circles, and Cell Microbiology concepts as part of a revolutionary new technology, which is more **powerful and versatile than a pyramid**, the Rings create an energy vortex of net-neutral energy particles that increase light resonance in the body. When placed directly on the body, the Rings' light resonance may penetrate 7-9 cm, creating a vortex to draw out toxic energy. The body's needs at that moment regulate whether the vortex transmits in or draws out and the degree to which it occurs. This causes denser, "stuck" areas to open and flow normally. The spiraling vortex of energy created by the Rings is **adaptable to numerous healing applications for both practitioners and laypeople**.

How does this revolutionary new technology work? The Rings of Oden™ and the other Neutral Ionic Healing Products are carrier tools for this revolutionary new technology—“Net-Neutral Ionic™ Energy.” Energy is imbedded into each carrier by the exclusive EOL Neutral Ion Generator Device (IG-N), which converts positive and negative ions into a stream of particles in which each particle has both positive and negative ionic potential (net-neutral particles). The body's Inner Knowing takes either the positive or negative charge it needs for healing, and discharges the rest. The Rings of Oden turn these net-neutral ions into a vortex, for an amplified effect as described above. An individual can work with as few as one or two rings, or with numerous rings, by placing the rings in multiple ring configurations to create Sacred Geometry patterns. These multiple ring patterns project specific, targeted frequencies for particular healing applications.

What are some benefits of the Rings of Oden?

The Rings of Oden™ enhance your healing potential in many ways:

- 🌿 Optimize the positive and negative ion flow throughout the body.
- 🌿 Facilitate the release of Anxiety/Fear, Frustration/Anger, Guilt/Remorse, Sadness/Grief patterns that may cause Panic Attacks, Phobias, Depression, Eating Disorders, etc.
- 🌿 Facilitate the release of physical, emotional, and chemical waste from the cells.
- 🌿 Assist in pulling Bacterial, Viral, Fungal and Parasitic Residues from the body, which may cause Lyme disease, Chronic Fatigue, Arthritis, IBS, and more.
- 🌿 Assist removal of Metals, Insecticides, and Other Toxins from the body.
- 🌿 Assist release of petroleum products from the body tissues-from either external or internal use of mineral oil, baby oil, lip balm, chest rubs, etc.
- 🌿 Enhance Mental Clarity, Endocrine and Chakra Balance, Immune System Function.
- 🌿 Strengthen and cleanse the Liver, Gallbladder, Kidneys, and the Lymph System and its flow of fluid, as well as other organs.
- 🌿 Strengthen immune system function.
- 🌿 Increase inter-cellular communication.
- 🌿 Enhance 3rd Eye/Intuition, Light-Body Transition, and MUCH MORE!

What could happen following a session? This will be specific to each person. A person could feel more relaxed, uplifting attitude and behavior, shift in body status: decrease in muscle and overall body tension; a deep sense of calm and peace; an expansive feeling in body and mind. People may also experience emotional unsettledness and some mild discomfort as the denser stuck areas begin to open. It may also temporarily cause unusual dreams. This can be a normal part of the process of working thru the stuck patterning and is a sign that the process is “working” and is very temporary (normally a day or two). Every experience is as unique as each person.
